DETAILED ACTION

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR § 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In line 1 of claim 21, "17" has been changed to --20-- to correct an obvious typographical error. Claim 17 lacks antecedent basis for "the plurality of plates" bridging lines 1 and 2 of claim 21.

Allowable Subject Matter

Claims 1-22 are allowed over the prior art of record.

Examiner's Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

As to independent claim 1, the prior art of record, taken alone or in combination, fails to disclose or render obvious the claimed invention for the reasons set forth on page 3 of the Office action mailed on December 29, 2005.

As to independent claim 13, the prior art of record, taken alone or in combination, fails to disclose or render obvious a spectroscopic system comprising an electric current source for generating a loop current, the loop current having an associated magnetic field and a plasma gas generator for generating a plasma at least in part by a carrier gas flow introduced within the magnetic field via a carrier gas conduit, wherein the plasma is confined within the magnetic field, in combination with the rest of the limitations of the claim.

As to independent claim 22, the prior art of record, taken alone or in combination, fails to disclose or render obvious a spectroscopic system comprising an electric current source for generating a loop current, the loop current having an associated magnetic field and a carrier gas conduit for introducing a

carrier gas within the magnetic field, the carrier gas sustains a plasma generated within the magnetic field, in combination with the rest of the limitations of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
